Parents Teacher Meeting

The MGM School of Biomedical Sciences, Navi Mumbai organizes Parents-Teacher meeting after every semester examination, where the faculties and parents can discuss the performance, progress and learning experiences of the students.

The following objectives are fulfilled in the meeting:

1. Creating a common platform for parents and faculties to share their views with each other over the performance of the student.
2. Informing the parents about academic performance of the student and discussing the results.
3. Notifying the parents regarding the attendance of the student throughout the semester.
4. Analysis and interpreting ways to resolve the problems faced by student if any and improve students performance.
5. Discussing and resolving queries of parents related to college and unfair means, if any.
6. Along with these objectives, parents are also encouraged to appreciate the participation of students in extracurricular activities.
7. Feedback of the meeting from parents and students is also recorded for betterment.
8. The parents are also notified regarding the pending fees of the academic year.s
