OVERVIEW OF THE COLLEGE

Welcome to MGM School of Pharmacy, established in 2023 to meet the rising demand for skilled pharmacy professionals and to continue the legacy of quality education for societal transformation.

Guided by Dr. Mrs. Nirmal. M. Kasekar, (M. Pharm., Ph.D., DMM, DIPL, LLB), the institute is committed to nurturing students with the skills, knowledge, and attitude required to excel in the dynamic pharmaceutical industry.

With India being the 3rd largest producer of drugs and APIs globally, the school equips students to seize opportunities in areas like Clinical and Community Pharmacy, Biotechnology, Drug Regulatory Affairs, Intellectual Property Rights, and New Drug Discovery.

MGM School of Pharmacy features state-of-the-art infrastructure, including advanced laboratories, smart classrooms, a well-stocked library, e-library, computer labs, and a machine room/pilot plant for hands-on training. The experienced faculty and different skill development opportunities ensures students are industry ready by bridging a gap between academics and professional demands. Parents and students are invited to join this transformative journey and achieve career aspirations in one of the world's most vital and evolving industry.
