

NNEXURE 16

Course Outcomes (CO)	
Course Code	Course Name
	Dermatology (As per NMC Guidelines - 1.8.2023)
CO1	The student should be able to take history and do clinical examination so as to diagnose common diseases of skin, STIs and leprosy
CO2	He/ She should be able to do common bedside diagnostic procedures like KOH mount for fungus, gram stain for STIs, slit skin smear for AFB
CO3	He/ She should know the stepwise management of common skin diseases along with principles of topical treatment
CO4	Diagnose the conditions which require urgent and specialist skin care and give primary treatment and referral to a skin specialist
CO5	He/she should be aware of the basic principles of cosmetic dermatology and dermatosurgery and have basic knowledge about the conditions treated.

ANNEXURE 17

Worksheet 2 - CO/ PO Correlation Mapping

Step 2: Correlate COs to Pos

Course code & name		Program code & name								
CO no.	CO	PO1 Primary care Physician	PO2 Healthcare Team Leader and Member	PO3 Communicator with patients and family	PO4 Life long Learner	PO5 Professional	PO6 Critical thinker	PO7 Researcher	PO8 Digitally literate	PO9 Developed Holistically
CO 1	The student should be able to take history and do clinical examination so as to diagnose common diseases of skin, STIs and leprosy	3	1	3	3	2	3	1	2	2
CO 2	He/ She should be able to do common bedside diagnostic procedures like KOH mount for fungus, gram stain for STIs, slit skin smear for AFB	3	2	3	2	3	2	1	2	2
CO 3	He/ She should know the stepwise management of common skin diseases along with principles of topical treatment	3	2	2	2	3	2	1	2	2
CO4	Diagnose the conditions which require urgent and specialist skin care and give primary treatment and referral to a skin specialist	3	1	2	1	3	3	1	2	2
CO5	He/she should be aware of the basic principles of cosmetic dermatology and dermatosurgery and have basic knowledge about the conditions treated.	3	0	1	1	1	1	1	2	2

ANNEXURE 18

Mapping of Course outcomes with Program outcomes is addressed by the Teaching Learning activities used in the module
Using

- I – Outcomes introduced
- P – Students afforded opportunities to practice
- R – Reinforcement of practiced outcomes
- M/C – Students demonstrate mastery/competency
